

GGE Extends Holiday Celebration

GGE extended its holiday celebration to the people in San Francisco. Prior to the annual holiday party, food was collected from employees to be added to the San Francisco food bank for the Christmas season. All employees, upon donating food, were given raffle tickets. At the party, a drawing was held, and Wells Fargo gift certificates were given to the lucky winners.

Mayor Gavin Newsom made an appearance at the party, and thanked GGE for being such a loyal and supportive member of the business community.

GGE (www.gge.com) is a mid-size, value oriented company employing artisans and craftsmen, as well as designers and project managers. For over 40 years, GGE has served the convention, museum, and creative markets with unprecedented attention to detail and to customers' needs.
